

U.S. Serial No. 10/023,238 -- Page 3

REMARKS

In the Office action, claims 12 and 13 were allowed subject to the correction of noted informalities. These have been corrected by the amendments set forth above so that the claims are now believed to be in allowable condition.

All other claims in the application were finally rejected and have now been canceled, leaving only the allowable claims 12 and 13 remaining in the case.

This amendment is believed to be fully responsive to the issues raised in the Office Action and to place this case in condition for allowance. Favorable action is requested.

Respectfully submitted,

Laura C. Hargitt
